Management Technology, Inc. (MTI) is a dynamic, process-driven, and customer-oriented business with nearly 25 years of solid IT experience in the commercial and federal sectors. Our corporate profile reveals an array of certifications, partnerships, and awards including SEI CMMI Level 2, as well as a credible list of public and private sector customers. With a national presence, MTI has the experience, commitment, expertise, and professional integrity to deliver diversified best-value services. These qualities enable us to operate at our highest level of performance and efficiency while providing the full range of Information Technology (IT) service solutions. We provide superior value and performance by matching a thorough understanding of our client's needs with the experience and knowledge of our talented employees in a results-oriented and cost-conscious environment.

MTI provides a variety of Information Technology (IT) services to meet the needs of the Federal Government and Department of Defense.

Services offered include, but not limited to:

- **Software, Web Application, and Database Development**
- **Operations and Maintenance Support**
- **Section 508 Compliance**
- **Help Desk**
- **Infrastructure Support**
- **Data Management**
- **Logistics**
- **Modeling & Simulation**
- **Program Management**
- **Managed Staffing / Staff Augmentation**
- **HIPPA Compliance**
- **Business Process Re-engineering**
- **IT Security, Information Assurance, and Vulnerability (including Certification & Accreditation, CISO/ISSO/ISSM Program and Policy Development)**
- **Customized Professional Training**

MTI's management and software development support services are based on the principles of the Software Engineering Institute (SEI) Capability Maturity Model Integration (CMMI) methodology Level 3. Furthermore, Program and Project Managers are certified Project Management Professionals (PMP) through the Project Management Institute.

MTI provides the highest quality of service. Our focus on customer satisfaction and contract performance has earned numerous awards from our clients.

MTI'S CORPORATE MISSION

To produce industry-leading solutions designed to maximize the return on our clients' IT investments. Leveraging our extensive industry knowledge, talented IT professionals, and unique infrastructure, MTI will address IT issues specific to our clients' businesses with unmatched customer service and support.
